creating **creative** space

Kriticons, A showcase of seasoned experience combined with the wisdom of interior design excellence. Fresh. Energetic. Expressive. Functional. Creating memorable surroundings with the bottom line in mind.

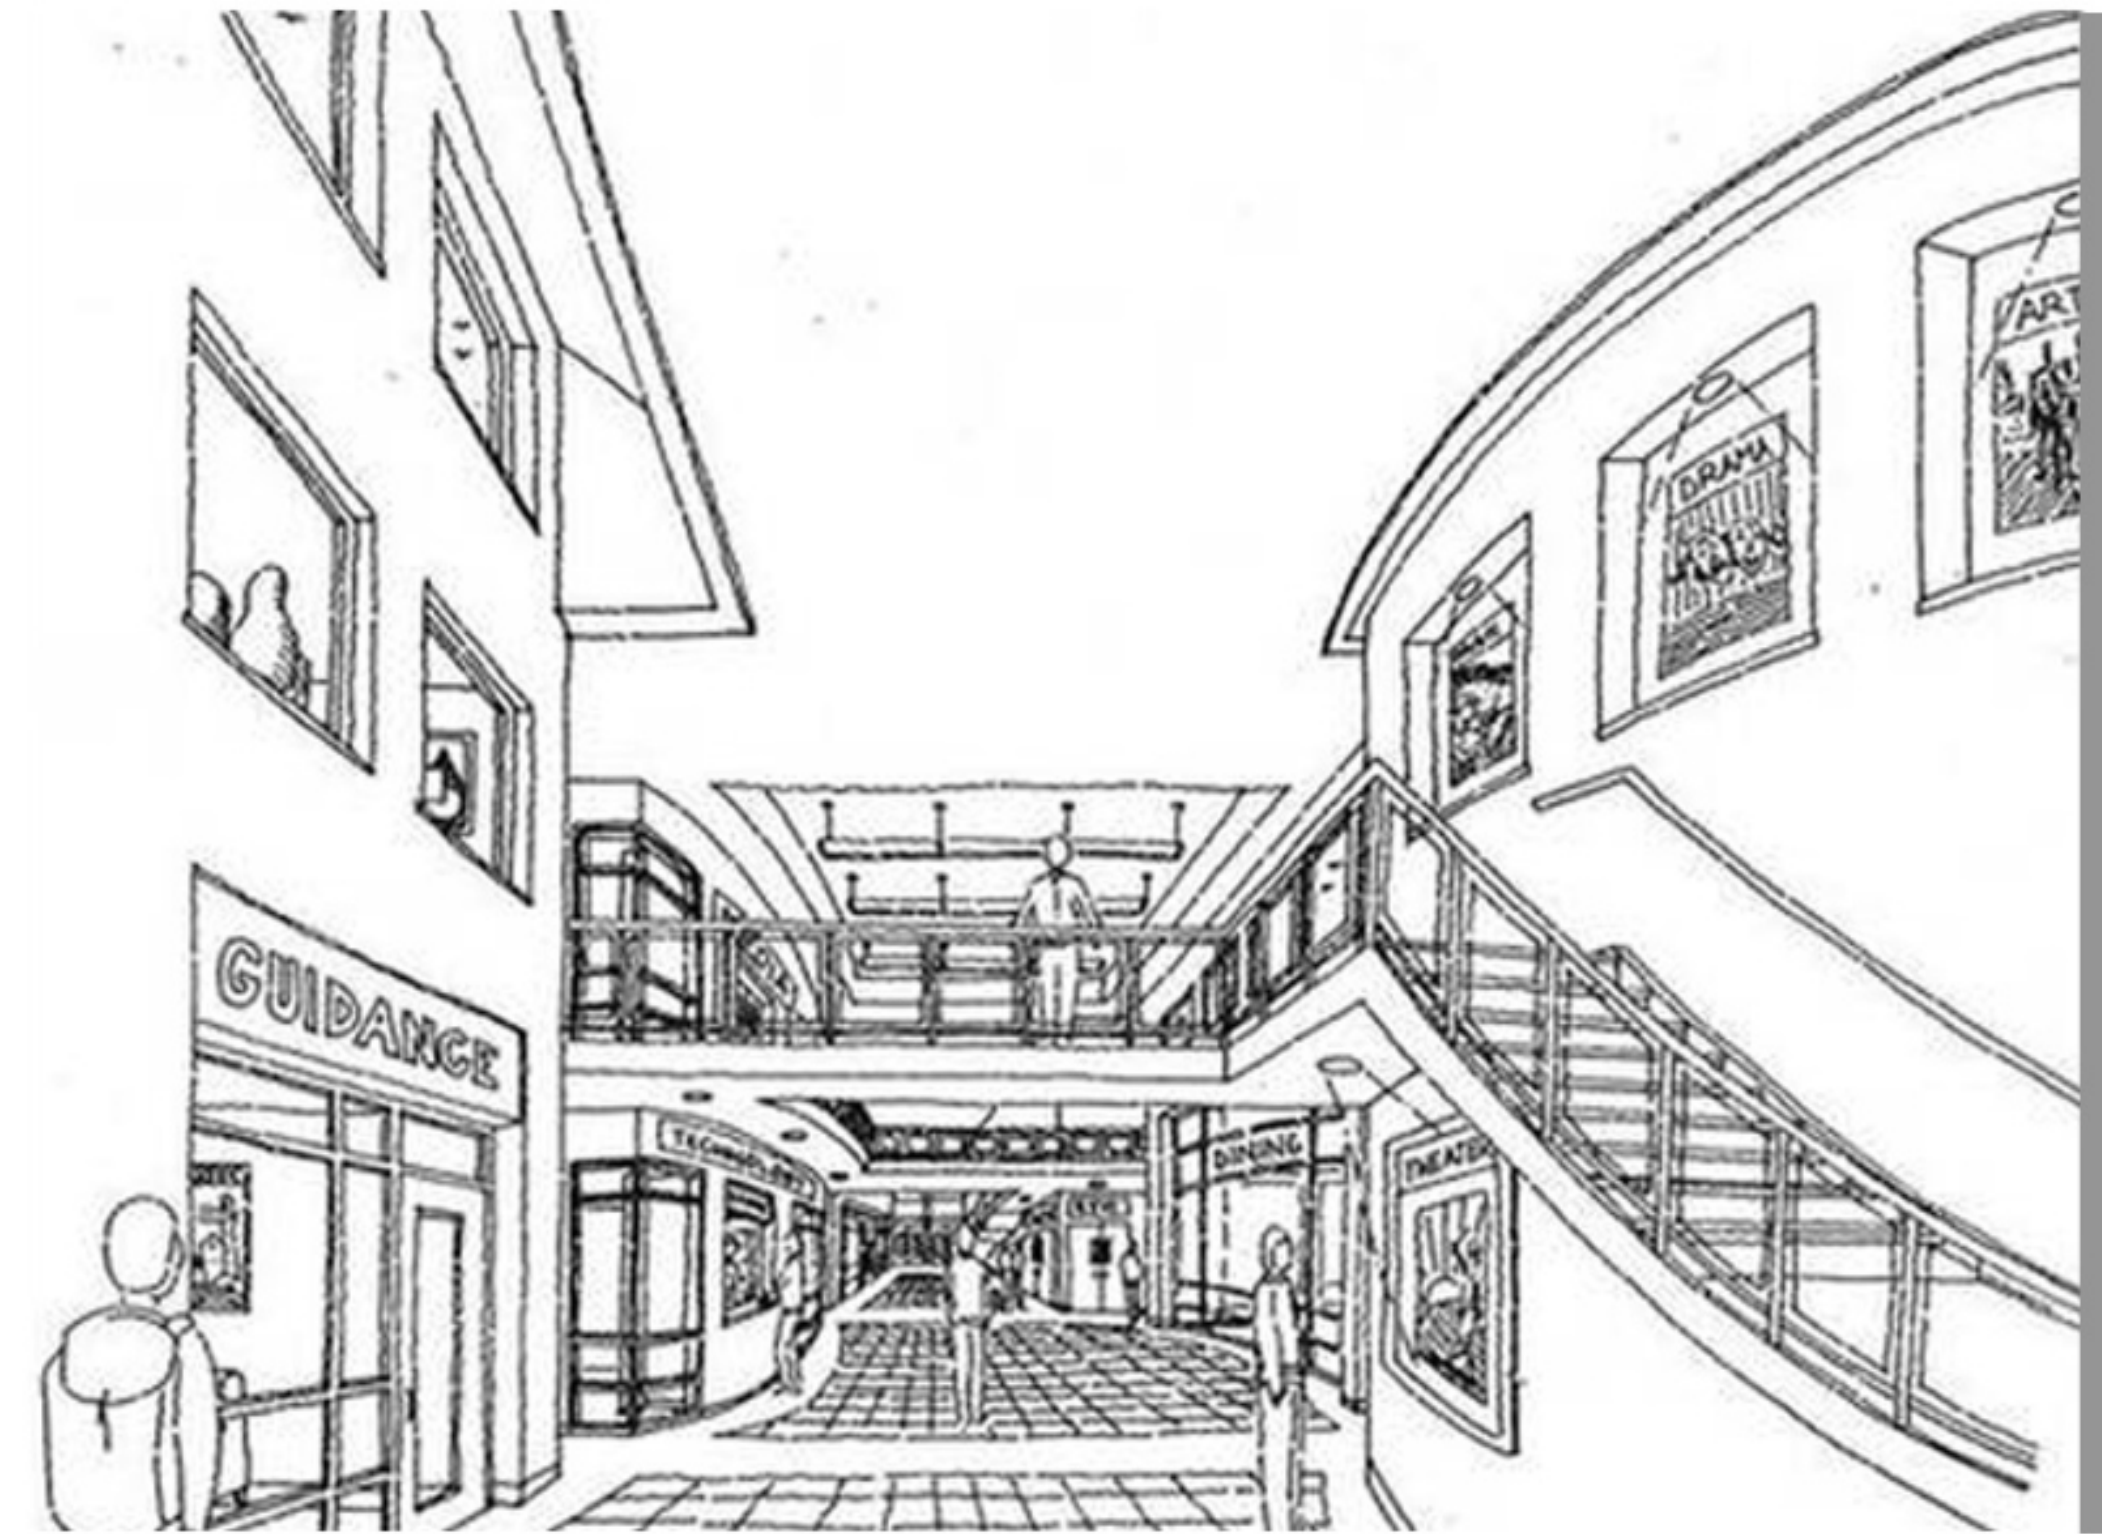

Interior Design affects everyone's lives.

It can direct movement and human interaction, enhance the senses and inspire motion.

Kriticons, we have incredible power to make the world a better place.

We pride ourselves on applying the most exacting standards throughout the process - from taking a detailed initial brief, through to commissioning and project managing builders, decorators and specialist contractors.

Our style is a fusion of contemporary and classic elegance - comfortable, laid-back luxury tailored to your individual style.

how are we different?

We have a strong technical background, we spent many years working with commercial clients who carefully scrutinized schedules, budgets and deliverables, which instilled in us a strong sense of accountability and responsiveness that still exists today.

Our clients are willing to put their complete trust in us because they understand we see the potential of the unseen.

Kriticons commenced its first operation in this field during 1994 and has now risen to the level of a major competitive concern. We specialize on Turnkey Interior Furnishing contracts and have large clientele of big industrial houses, software and corporate giants, banking institutions, retail outlets spread throughout the country. Our commitment to quality combined with timely completion has earned laurels from all.

DESIGN BUILD SOLUTIONS

Design, procurement, fabrication, and construction activities are managed and performed by ONE entity -**KRITICONS**. With over 17 years of mechanical construction experience under our belt, we have the unique advantage of utilizing our own industry knowledge during the design and engineering phase. This allows us to more accurately estimate the overall project costs and effectively use "fast-tracking" to compress construction schedules.

PROJECT MANAGEMENT

We engage our clients to be an integral part of the project management team. We encourage you to participate in decision-making process at whatever level you are comfortable with. From large-scale committees to individual one-on-one representations, we have simplicity that will assist you in your business through workplace change and transformation.

GENERAL CONTRACTING SERVICES

We have offered contracting services to our clients since 1994. Civil & Interiors, Electrical, HVAC, Network Structured Cabling, Access Control and CCTV System, Fire Alarm & Fire Suppression are few of the domains. We've built sound relationships based on our quality of craftsmanship and credibility.

PROJECT & PROPERTY DEVELOPMENT

We work with individuals, private businesses, and public institutions to convert vacant buildings into bright, shining members of a community's cityscape. We champion civic redevelopment efforts that revitalize struggling urban centers. We spur economic development by renovating historic properties. We create residential and retail spaces that bring foot traffic back to downtown areas.

mission
